

AGRICULTURE APPLICATIONS

Agriculture Applications:

- TOMATO GROWERS
- ONION GROWERS
- BERRY FARMS
- CITRUS GROVES
- SUGAR CANE
- POTATO GROWERS
- TURF GRASS PRODUCERS
- GOLF COURSES
- HYDROPONIC
- APPLE ORCHARDS
- PEACH GROVES
- COLD STORAGE FACILITIES
- IRRIGATION EQUIPMENT
- POULTRY PRODUCTION
- BEEF
- PORK
- PUMPKIN FARMS
- WATER MELON GROWERS
- CANNABIS CULTIVATION
- VEGETABLE GROWERS
- GREEN HOUSE GROWERS

Electronic Water Conditioner

Our Products are the world's most powerful and cost-effective Electronic Water Conditioners on the market today. H2OEliteLabs will solve scale problems with No Salt or Maintenance. Our Products' specifically designed electronic field provides the necessary molecule agitation to stop new calcium build up.

H2OEliteLabs Provides Additional Benefits:

- Dissolves existing limescale
- Prevents new scale from forming
- Controls limescale in cooling towers, chillers, condensers
- Improves efficiency of pumps and equipment.
- Non intrusive to the water
- Keeps Drip irrigation nozzles scale free
- Saves Water
- Improves efficiency of pumps and equipment
- Requires no maintenance
- Promotes healthier root and plant growth
- Removes scale deposit on tower fill, sump tank, spray headers, valves, pumps and pipes
- Will control scale deposits on heat exchanger surfaces.
